MISSION STATEMENT

Skate Ontario is an organization dedicated to the principle of enabling every citizen in the Province of Ontario to participate in skating throughout his/her lifetime for fun, fitness and/or achievement. This is accomplished through the implementation of programs and events in all communities throughout the Province.

Welcome Message - Karen Butcher & Lisa Alexander

Thank you for the opportunity to reflect on Skate Ontario's progress over the year. Like Skate Ontario athletes, we continue to build on our accomplishments, while addressing our challenges.

We are very proud to recognize the countless hours Board members, committee members, officials, volunteers and staff have invested to create successful events, programs and new initiatives for all stakeholders. Talk about Strength in Unity! Skate Ontario is over 70,000 members strong and represents approximately 40% of the nation's skaters. As a provincial organization dedicated to the promotion of figure skating in Ontario, we believe in blazing the trail for other Provincial Sport Organizations to follow.

Skaters are always at the centre of our plans and countless practices, competitions, test days, ice shows, performance days, monitoring sessions and seminars connect us all. Results continue to show our strength and passion. Skate Ontario had the largest delegation at Challenge and won the most figure skating medals of any province at the Canada Winter Games. At the Canadian Tire National Skating Championships, Ontario athletes won medals at the Novice and Junior level and were crowned champion in every Senior event (Alaine Chartrand, Nam Nguyen, Kirsten Moore-Towers/Michael Marinaro and Kaitlyn Weaver/Andrew Poje). At the Junior Grand Prix Final, Stephen Gogolev stood on top of the podium. In addition to competing at International and Junior and Senior Grand Prix events in singles, pairs, dance and synchro, Skate Ontario athletes proudly represented Canada around the world at all major International Skating Union events. We are #SkateOntarioProud.

On the horizon are more occasions to listen to membership, consider everyone's feedback and continue our efforts to tweak and improve our plans to deliver the best figure skating programs in the country. We feel a keen sense of partnership with you, the members, and are committed to providing the best and most meaningful competitive and non-competitive experiences for our skaters. This year we look forward to consultations on our strategic direction and we are delighted to be hosting the next Canadian Tire National Skating Championships in January 2020.

We aren't just Skate Ontario – we are #ChampiOntario.

Our success is the figure skating community's success. With the ongoing support of our donors, vendors, partners, Board, coaches, staff, volunteers and skaters, Skate Ontario is more than up to the challenges of what lies ahead.

Volunteers are the lifeblood of skating in Ontario; they form the heart of skating clubs, competition committees, ice shows, officials communities and many other areas that touch figure skating throughout our province. We firmly believe that Ontario has some of the best and most dedicated volunteers in this country. This is demonstrated each and every weekend throughout the year in arenas across the province.
