Synchronized Skating Coach Pre-Registration for 2019-2020 Season

Thank you for taking part in the Skate Ontario Coach survey process for the 2019-2020 Synchronized Skating Competition season. This process has been designed to assist Skate Ontario in anticipating competition capacities and to provide an improved experience for competition registration for team managers and coaches.

Before you begin, please do the following before you complete the survey:

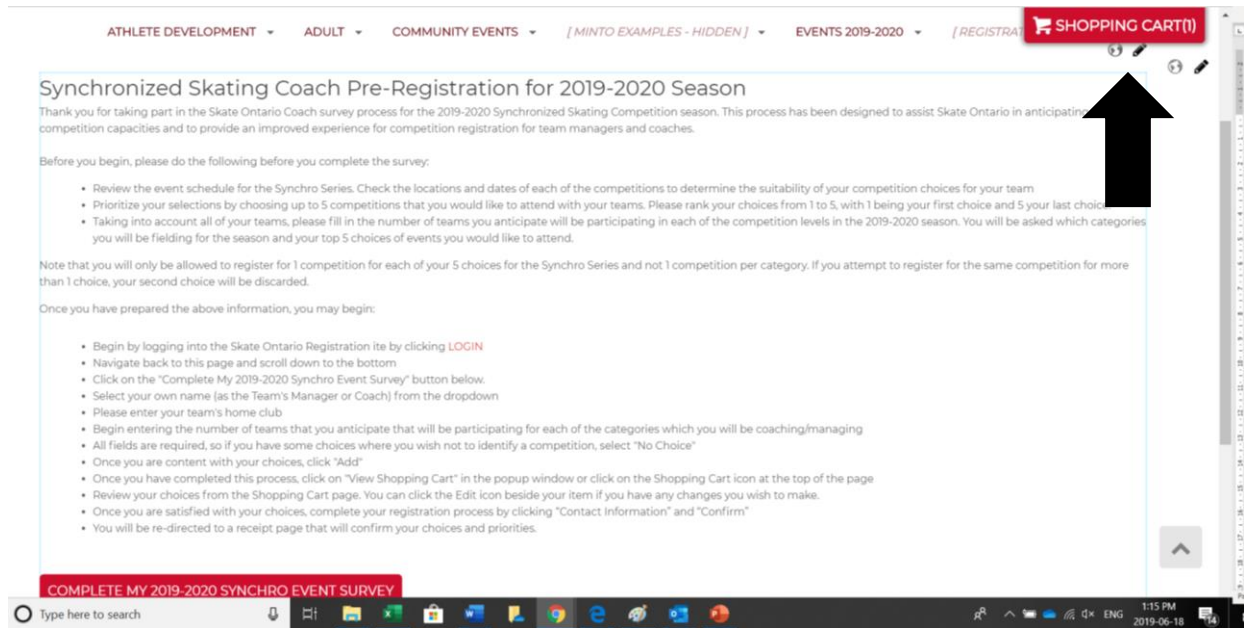

- Review the event schedule for the Synchro Series. Check the locations and dates of each of the competitions to determine the suitability of your competition choices for your team.
- Prioritize your selections by choosing up to 5 competitions that you would like to attend with your teams. Please rank your choices from 1 to 5, with 1 being your first choice and 5 your last choice.
- Taking into account all of your teams, please fill in the number of teams you anticipate will be participating in each of the competition levels in the 2019-2020 season. You will be asked which categories you will be fielding for the season and your top 5 choices of events you would like to attend.

Note that you will only be allowed to register for 1 competition for each of your 5 choices for the Synchro Series and not 1 competition per category. If you attempt to register for the same competition for more than 1 choice, your second choice will be discarded.
