

## ASSESSMENT COORDINATORS NEWS

### **Assessment Day Requests**

Assessment Day requests resume Nov.1. 2019. We are accepting requests for Assessment Days scheduled between Dec.1.2019 - June 30.2019. Thank you for your patience during our STAR 6-Gold transition.

Assessment Coordinators will use the **NEW** [Assessment Day Request](#) form to request Assessment Days as of Nov.1, 2019. This form will replace the existing form and includes an area to indicate assessments offered. This information is essential to provide you with qualified evaluators and will be an important part of our mentored assessment pathway. Requests must be received through this format to be processed.

### **STAR 6- GOLD Update**

Skills, Artistic, Freeskate and Dance have now transitioned into our STAR 6-Gold program. All assessments will need to be in the STAR 6- Gold program as of November 1, 2019.

The STAR 6- Gold Assessments sheets can be found [here](#)

The Dance modules were released on Nov.1, 2019. It will take our evaluators some time to complete these qualifications. Evaluators are working hard at completing qualifications as quickly as possible to service November Assessment Days.

Assessment challenges will be available for Freeskate and Dance.

*“Skaters who apply to take challenge assessment without having passed the previous assessments must pay the applicable assessment fee plus a challenge fee of \$60 per part (i.e. \$60 for freeskate elements and \$60 for freeskate program and \$60 for each pattern dance) per Skate Canada rule 6.2”*
