How do you know when an Evaluator has “Signed up”?

There are two ways, and it is recommended that you check BOTH. As clubs add more Evaluators to their rosters, they will have more Evaluators that will be connected to your Assessment Day, in the “Assign tab”.

The screenshot displays the 'Manage Activities' page in the Better Impact application. The top navigation bar includes the logo and menu items: Main, People, Communicate, Activities, Assign, Reports, and Configuration. The 'Assign' dropdown menu is open, showing options: From Unscheduled List, From Scheduled List, From Calendar, From Pending Signup List, and From Volunteer Profile. Below the navigation, there is a search bar and a message: 'It looks like you have filters applied. If you don't see the item you are looking for, you can change your filters.' The main content area features a table with columns for 'Activities', 'Dates', and 'Type'. The table lists one activity: 'Assessment Day' with dates '11/17/2020 - 11/17/2020' and type 'Scheduled'. Below the table are buttons for '+ New Activity', '+ Use a Template', and '+ New Category'. At the bottom, there is a 'Complete Category List' section with 'Assessment Days' listed.

As Evaluators “Signup” they will show as “Applicants” in your club dashboard, you can accept them and they will be added to your club. This is both an indicator that they are available/signing up/indicating availability for your Assessment Day and would like to be added to your club.

Share the great work you are doing!

Skate Ontario is seeking some photos from your Assessment Day to use on our website and social media channels. We would love to display the hard work that you have put in to run your COVID-19 modified Assessment Day and show the greater Skate Ontario community that it is still possible to run these important days for our skaters and coaches. If you are able to take a few photos for us, please ensure that everyone in the photo has consented to have their picture taken (and subsequently to appear on the Skate Ontario website and social media channels). We would love some photos of skaters and coaches having fun (while socially distancing, of course), new protocols you have in place to make your Assessment Day safe and anything else you would like to submit. If you have time, it would also be great to hear some quotes (written down) from skaters, coaches, evaluators, etc. on how they thought the

Assessment Day went, did they feel safe and anything else they would like to contribute. We realize this is a big ask with everything else going on, but would really appreciate anything you are able to give us. If you have any questions, please contact [Claire Beauchamp](#) , Manager Communications and Branding
