Message from the President & Executive Director

Looking back on the past year, it is amazing how much has been accomplished in a short period. Last year at this time we had just completed the legal amalgamation of Ontario's four Skate Canada Sections and the Skate Ontario council to create the largest Section in Canada, Skate Ontario. Even though we technically started the year as one Section, a lot of work continued in the former Ontario Sections as we aligned operations. Most importantly we experienced wonderful celebrations as everyone celebrated their history and paid tribute to skaters, coaches and volunteers.

For the amalgamated Skate Ontario, this year was about aligning the best practices of five operations and building a path to leverage the strength of one Ontario skating entity. We began with the development of a new three year strategic plan and an operations plan for the organization. We were proud to share our plans with the Ontario Ministry of Tourism, Culture and Sport as part of the new Ontario Amateur Sport Fund process and we were pleased to find our plans ranked highest of all sports.

Continuing the work of the Transition Committee, we completed the organizational groundwork for a new engaged policy board, new operations committees, new staff roles, and we opened our new office. We saw stakeholder engagement across the province. We had almost 40,000 livestreamed views of our first Ontario Sectionals and we had an organic reach of over 100,000 with our first Skate Ontario Skater Spirit contest, and over 300 people completed our first project feedback survey. We connected face to face through Club Enhancement workshops and personal visits at over 70% of the clubs across the province (with more to come). We piloted regional training days and monitored of hundreds of athletes in their daily training environments.

For a sports organization, results are important and our Ontario athletes delivered at every level. We saw incredible placements at every event from our CanSkaters to our inspirational Olympic Champions. This year saw our first Ontario travel teams, Challenge team and Nationals team. Ontario athletes stood on podiums at Nationals, Synchro Nationals, Junior and Senior Grand Prix events, the Special Olympics World Winter Games, and the Olympic Winter Games. Ontario was not only represented by athletes at these events, but also by our top-notch coaches and officials.

Such outstanding results are not possible without tremendous development programs for coaches and officials, as well as opportunities to demonstrate and learn at domestic events. This year we delivered a variety of training courses, with over 80 officials and over 500 coaches participating. Our athletes' performance skills were also developed at 69 events across the province, supported as always by our incredible volunteers and parents.

Skating in Ontario has thrived this year with growth in membership including both our registrants and coaches. We would like to thank the entire Skate Ontario family for remaining engaged, for continuing to provide feedback, and for supporting such a vast array of programs and events. We look forward to continuing to learn and grow as we refine the service proposition of our organization and endeavour to provide every advantage to our Ontario skaters, coaches, officials and clubs in their development journey.

Yours in Skating,

Karen Butcher

THE AMALGAMATION JOURNEY

- April 1, 2017: Unified Ontario Section born
- April 1, 2017: New organization model born
- April 2017: Skate Ontario ramp up in hiring efforts
- June 2017: New Skate Ontario headquarters & new logo
- June 2017: Summer skating season starts

As of April 1, 2017, Skate Canada membership voted for the four former Ontario sections to amalgamate into one Skate Ontario section. These sections were Western Ontario, Northern Ontario, Eastern Ontario and Central Ontario. A wrap up of activities in the former sections took place as Skate Ontario official business began.

Mission Statement

Skate Ontario is an organization dedicated to the principle of enabling every citizen in the Province of Ontario to participate in skating throughout his/her lifetime for fun, fitness and/or achievement. This is accomplished through the implementation of programs and events in all communities throughout the Province.

CLUBS & SKATING SCHOOLS

12 Club Resource Team members were engaged to facilitate club workshops, club consultations and club visits through the year.

CLUB ENHANCEMENT WORKSHOPS

10 Club Enhancement Workshops were held in the fall of 2017. These specially designed working sessions for clubs and coaches focused on all aspects of STAR 1-5 programming including:

- program content & delivery (on & off-ice)
- assessments
- session scheduling
- coach directed sessions
- communication tools

Other topics will included CanSkate Essentials, Conflict Resolution, "My Locker", Respect in Sport and Safe Sport.

CLUB CONSULTATIONS

The Resource Team provided 15 Club Consultations across the province. This opportunity was offered to clubs who had a minimum of one board member and one coach in attendance at a Club Enhancement Workshop. The Resource team worked with clubs to further aid in day-to-day operations and quality program delivery.

CLUB VISITS – 250 of the 354 clubs & schools in Ontario – **70%** visited

CLUB CONNECTIONS COMMITTEE

We have assembled a team of volunteers from across the province, representing a variety of club sizes and demographics to form the Club Connections Committee. They have been an invaluable asset to the club community. The committee has been working on developing and compiling resources for club operations and governance.

SPECIAL OLYMPICS

“Today it passed Ottawa city council that our rink will officially be named the Katie Xu & Jack Fan arena in recognition of their 6 World medals and numerous other accolades they have achieved over the years! How appropriate that in this year - the 50th anniversary of Special Olympics - we are recognizing these athletes for their incredible achievements instead of focusing on any disability they might have. I am beyond excited!”

TRAINING DAYS

The purpose of training days is to create a competitive atmosphere for athletes to help them prepare for a successful transition to the next level. Skaters will be under the supervision of their respective coach throughout the on-ice sessions. Skate Ontario sport staff will be setting the parameters for each session. A national level judge will be present for the on-ice sessions and will conduct a portion of the off-ice workshops. Other off-ice sessions will include a fitness and jump class. A separate parent information session will also be held.

- 133 athletes and 49 coaches participated
- 5 Sessions | Ottawa, Paris, Brampton, Kingston & Thunder Bay

QUEST

QUEST is an event created to offer a parallel development pathway for skaters who competed at the Sectional Championships and did not meet the criteria to qualify for the Challenge level of competition. This event allows skaters to train and perform using the same training calendars as those athletes who are continuing through the national qualifying structure. QUEST is an enhancement tool where skaters will receive constructive feedback to elevate performance level, aid in skill acquisition and empower them to reach their goals.

1 Session - National Performance Centre | 32 athletes and 18 coaches participated

SUMMER TRAVEL TEAM

Two teams:

- Wild Rose
- BC Summer

The teams consisted of 17 athletes in Pre-Novice and Novice and 10 coaches. Each athlete was monitored prior to each event.
