REMOTE OFFICIATING

Provincial Series #14 – Skate Lakeshore will be **officiated remotely** in real time by Skate Ontario officials.

This event will have skaters on site at the event venue with officials off-site scoring virtually in real-time from their home. A live feed will be made available to assigned officials for Technical Panel review and judging. Officials use the same scoring interface as per regular competitions.

Remote Scoring connects officials electronically to enable them to perform most of the duties they would at an in-person event. Each panel of officials is connected to each other throughout the entire event by video conferencing.

On-site there will be the Tech Rep and an Ice Level Referee. As well as, a Skate Ontario Representative to answer any questions and address any concerns.

Be prepared that the officiating time may take longer from what you are use to at events where the officials are on-site. Additional time is built into the schedule to allow for this.

Results will be posted on the Skate Ontario website immediately after being reviewed, signed, and approved by the Referee and Technical Controller. As the Referee and Technical Controller are not physically on-site, there may be time delays with the final results being posted online. Please be aware that official, final results may take upwards to 1 hour after the completion of the group.

Once results are posted online, on-site Award Presentations will take place. As noted, it may take upwards to an hour for results to be published. Additional details about Award Presentations will be made available closer to the event.
