The image shows a screenshot of the Uplifter account creation form. At the top is the Uplifter logo and the text "Create an account". Below this are five input fields: "Email *" (with a red border and a red error message "This field is required"), "First Name *", "Last Name *", "Password *", and "Confirm Password *". Each field has a placeholder text "Enter [field name]". Below the fields is a checkbox with the text "By creating an account, I agree to the Terms and Conditions and Privacy Policy." Below the checkbox is a purple "Sign Up" button. At the bottom is a link "Already have an account? Log in →". At the very bottom, there is a small text "Terms and Conditions apply. Review our Privacy Policy. This site is protected by Cloudflare."

Step 2: Add Your Skaters

In this step, you will create your skaters' profiles. Any profiles created will be linked to your account as the Account Holder (Parent/Guardian).

To complete this step, you will need the following information for each of your skaters:

1. Skater's first and last name
2. Skater's date of birth
3. Skater's gender
4. Email Address. Do not enter your skater's email address unless their emails are checked regularly. We recommend entering a parent/guardian email address.
5. Skater's mailing address
6. Skater's Skate Canada number*
**If you do not know your skater's Skate Canada number, please contact your home club or coach*
