Star 6 – Gold Category Offerings Update

This communication confirms that the categories listed below will not be offered as part of the 2026-2027 Provincial Series or the 2026-2027 Skate Ontario Provincial Championships. Skaters currently interested in these categories are directed to the recommended alternate pathway noted for each.

This decision reflects ongoing consideration of the categories that lead into the Provincial Championships. As new categories are introduced, corresponding categories must be adjusted/removed to keep the overall event manageable. Skate Ontario has chosen not to adopt every category offered by Skate Canada this season. This is not a permanent decision, and these categories may be reconsidered for future seasons.

For athletes registering for Skate Ontario Provincial Series: Huntsville – Register for the recommended category mentioned below. After discussing with your coach, if you choose to change or remove yourself from a category, Skate Ontario will make that change with no penalty. This is only applicable to athletes in the categories outlined below.
