How and When to Register

You will be able to register for your assigned events during the **Assigned Athlete Registration Period**. These dates & times are published on the Event Series Information Page, as well as each detailed event page.

You will receive your advanced registration link **to the email address on your Uplifter user account.** This advanced registration link will be sent to you by **4:00 PM the business day prior** to the scheduled Assigned Athlete Registration Period opening.

For example, if your Assigned Athlete Registration Period is scheduled to open Monday, you will receive your link by 4:00 PM Friday (the business day prior). **It is your responsibility to make note of the date you will receive your link. Please mark it in your calendar.** Contact us at eventassignment@skateontario.org only if you have not received your link by 4:00 PM the business day prior.

Your spot is only guaranteed if you register during the Assigned Athlete Registration Period for your event. If you miss the deadline to register, you will be required to join the public waitlist.

You are not permitted to register for an event to which you were not assigned. Once Assigned Athlete Registration has closed, Skate Ontario will confirm that only assigned athletes have registered. Athletes who register during the Assigned Athlete Registration Period for an event to which they were not assigned will be withdrawn and refunded less a $50 administrative fee.
